

## ***Torch™ LT*** **Advanced Liquid Deicer**

### **GENERAL INFORMATION:**

***Torch™ LT*** is an environmentally safe De-Icing / Anti-Icing Agent. It provides performance at lower operating temperature and enhances the ability to remain on the roadway longer. ***Torch™ LT*** is available exclusively through GMCO Corporation.

### **SPECIFICATIONS:**

#### ***Torch™***

Mag Concentration	27 to 31%
Physical State	Liquid
Color	Colorless to Light Amber
Odor	Odorless
Specific Gravity @ 20°C	1.249 to 1.340
Lbs. per Gallon @ 20°C	10.41 to 11.18
pH	7 to 9 (1-4 solution)

### **APPLICATION RATES:**

**Application rates are similar to other magnesium chloride based products. The user will likely observe the product remaining on the roadway longer than normal products and adjust rates accordingly**

For further information on methods and rates of application, contact GMCO Corporation.

*PNS QPL Approval Category 1*
